

# BOOTH-TUCKER'S WIFE KILLED

Salvation Army "Angel" Meets  
Her Death in Wreck of Train  
Eastward from Colorado—  
Twenty-six Others Hurt.

COL. THOMAS HOLLAND  
MORTALLY INJURED.

Train Runs Into Open Switch at  
Marcelline, Mo.—Miss Lem-  
mons, One of the Party, Tells  
of the Accident.

(Special from a Staff Correspondent.)  
MARCELLINE, Mo., Oct. 29.—Mrs.  
Emma Booth-Tucker, Consul in Amer-  
ica of the Salvation Army, second  
daughter of Gen. William Booth,  
founder of the Salvation Army, and  
wife of Commander Booth-Tucker, died  
here today just as the relief train  
bringing her and the other injured per-  
sons arrived from the scene of the  
Atchison, Topeka and Santa Fe Rail-  
road wreck at Dean Lake, eight-five  
miles east of Kansas City.

Her life would have been prolonged,  
if not saved, had not the relief train  
itself been partially wrecked while  
bringing the dead and injured to this  
city. Col. Thomas Holland, of the Sal-  
vation Army, who was in the car with  
Mrs. Tucker, was mortally hurt. Twen-  
ty-six others were injured.

Had Been in Colorado.  
The famous Salvation Army leader,  
affectionately known as "the angel,"  
had been visiting the army's industrial  
colony in California and also the one at  
Amity, Col., where Col. Holland was su-  
perintendent. Col. Holland left Amity  
with her, and at Kansas City they in-  
spected yesterday a new workmen's  
hotel erected there by the Salvation  
Army.

They left Kansas City at 6 o'clock  
last night on train No. 2 of the Santa  
Fe road for Chicago, where Mrs. Booth-  
Tucker was to join her husband.

Approaching Dean Lake, Mo., the train  
was making about forty-five miles an  
hour. Just beyond the little station was  
an open switch. Into this the heavy  
train plunged. The engine was jerked  
from the rails and crashed into a huge  
steel water tank at the side of the  
tracks.

Lifted Steel Tank.  
The impact was so terrific that the  
steel tank, with its great weight of  
water, was moved five or six feet from  
its foundations. The sleeping cars, with  
their four coaches were piled in a hope-  
less confusion one on top of the other,  
one inside of another.

With the hissing steam came the  
mingling cries of the injured and dying.  
The sleeping passengers had been hurled  
from their berths, pinioned under great  
beams of masonry and torn by the  
shattered and splintered cars.

Many were taken from the debris be-  
fore they came upon the Salvation  
Army leader. She was unconscious, it  
was found that her skull was fractured  
and she had received severe internal  
injuries. With axes and such other  
tools as the villagers had improvised,  
Mrs. Booth-Tucker was chopped out of  
the wreck and carried back to the little  
station-house. Several women who  
had not been seriously injured in the  
train ministered to her while the men  
continued the work of rescue.

A relief train was started from Mar-  
celline and another from Kansas City,  
both having surgeons and claim agents.

The one from Marcelline reached first  
and the injured were put aboard,  
including Mrs. Booth-Tucker and Col.  
Holland. This train had gone out of  
the bridge at the expense of a Brooklyn  
trolley company from midnight until  
7 o'clock this morning. They won their  
fight, too, for the same car they stuck  
to all night long was ordered across the  
bridge by the officials of the company.

A suit for damages will be started to-  
day.

A De Kalb avenue car reached the  
bridge a few minutes after midnight. It  
was plainly marked "New York," but  
the conductor ordered the dozen pas-  
sengers out. Nine refused to go and  
after a heated argument they remained  
on the car and went back to the Myr-  
tle avenue shops.

When the car was run in the barns  
four of the passengers deserted and  
took another car to New York, but the  
five remained. They were husky-look-  
ing young men, and when a squad of  
car men went to throw them out they  
changed their minds.

After half an hour the car was or-  
dered onto the tracks again. It made  
the run to the bridge with the sign  
changed, across the bridge. Back to  
the car barn they went again and  
took another rest. Three times they  
made the long trip back and forth until  
the Superintendent saw he had a tough  
proposition on his hands and ordered  
the car across the bridge.

The men who took the long ride were:  
dred and thirty-six street; A. H. Le-  
Hane, No. 13 West One Hundred and  
twenty-sixth street; Theodore Goetz,  
No. 60 Light street; John Stapfel, No.  
166 West End avenue, and Frank H.  
Pierce, Boonton, N. J.

Protected by Deputies.  
When Jaegers was brought to the  
County Jail a mob of more than one  
thousand men surrounded the place, and  
only the presence of a score of armed  
deputies prevented an outbreak.

The arrest of Jaegers was exceeding-  
ly dramatic. So far the evidence  
against him is purely circumstantial, al-  
though the sheriff intimates he has not  
given all the evidence he has to the  
public.

It was to Jaegers's house that the  
hounds followed the trail which was  
picked up where the murderer knelt  
when he fired the fatal shot. It was  
Jaegers who crossed the trail when the  
dogs were returning from his house  
and after whom they ran baying.

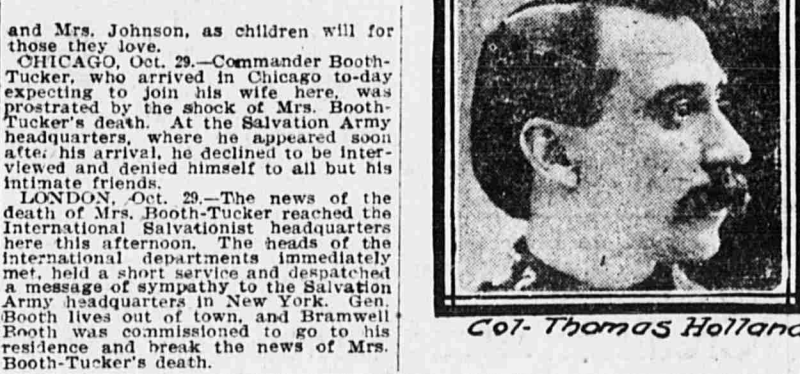

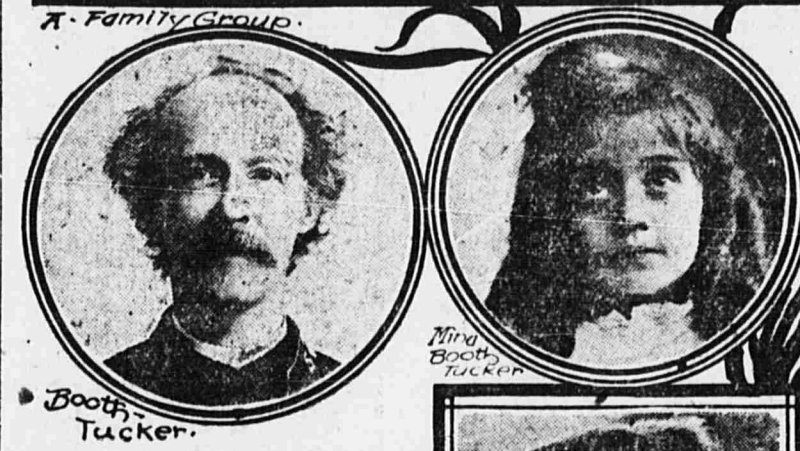

Jaegers was one of the first neighbors  
on the scene after the murder, and it  
was he who opposed the idea of put-  
ting bloodhounds on the trail, holding  
that they should be unable to pick up  
the trail owing to the length of time  
that must elapse before they could be  
secured.

Magistrate Pool thought the case was  
of sufficient importance to put it over  
until to-morrow in order to have pres-  
ent a representative of the District  
Attorney's office.

"It is a wheel within a wheel, a con-  
spiracy within a conspiracy," said the  
Magistrate. "We must sift it wisely  
and well."

On an application for an order to  
keep Dr. Brandels within the rails the  
Magistrate saw to it that he was  
not wandering outside the County do-  
main during the Magistrate's dialogue.  
While the proceedings were progress-

AND CHILDREN, AND COL. HOLLAND, WHO WAS INJURED IN WRECK.

and Mrs. Johnson, as children will for  
those they love.

CHICAGO, Oct. 29.—Commander Booth-  
Tucker, who arrived in Chicago to-day  
expecting to join his wife here, was  
stricken by the shock of Mrs. Booth-  
Tucker's death. At the Salvation Army  
headquarters, where he appeared soon  
after his arrival, he declined to be in-  
terviewed and denied himself to all but  
his intimate friends.

WINDON, Oct. 29.—The news of the  
death of Mrs. Booth-Tucker reached the  
International Salvationist headquarters  
here this afternoon. The heads of the  
international departments immediately  
met, held a short service and despatched  
a message of sympathy to the Salva-  
tion Army headquarters in New York. Gen.  
Booth lives out of town, and Bramwell  
Booth was commissioned to go to his  
residence and break the news of Mrs.  
Booth-Tucker's death.

RODE ALL NIGHT IN  
'CAR AHEAD' FIGHT  
Five Husky Young Men Stuck  
to Trolley from Midnight to  
Seven To-Day Rather than  
Be Transferred.

Refusing to heed the "car ahead"  
order at the Brooklyn approach to the  
Bridge, five young men "enjoyed" a car-  
ride at the expense of a Brooklyn trol-  
ley company from midnight until after  
7 o'clock this morning. They won their  
fight, too, for the same car they stuck  
to all night long was ordered across the  
bridge by the officials of the company.

A suit for damages will be started to-

ing Brandels was heard to say to his  
counsel:  
"They may arrest me for conspiracy  
and let my wife go. What shall I do?"  
The attorney replied that he should  
wait until it happened and that was  
"fine enough to worry."  
Mrs. Brandels was paroled for another  
day.

CUT IT OUT.  
Quit White Bread and Coffee and Get  
Well.  
A tale that sounds like magic yet  
is but a simple evidence of what  
proper food can do in the place of  
improper food.

A lady of Quincy, Ill., says: "It  
seems impossible that I could have  
gone through what I did and be alive  
and well to-day. I was most of my  
life troubled with a weak stomach  
and severe headaches, and as I grew  
older I slowly got worse. One physi-  
cian treated me five years for dyspep-  
sia without any help, and I went to  
another physician, who said I had a  
tumor, and I believed him. I was  
unable to bear even the lightest  
clothing and could scarcely lift my  
head, finally becoming entirely bed-  
ridden."

"Then I changed to another doctor,  
who said I had chronic catarrh of the  
stomach and advised a change of cli-  
mate, telling me I would get well if I  
would winter in California. He might  
as well have advised a trip to the  
moon in my case. Then I tried a  
change of diet. It seemed I could not  
live on crackers and tea, nor could I  
find anything else to agree with me,  
and it began to look as though I was  
doomed to die. So I made up my  
mind to eat everything that I craved  
and determined to die happy at least  
in the thought of not starving to  
death."

"Now that I look back at it I don't  
believe it is possible for a human  
being to live through such misery as  
I did. Of course my stomach trouble  
grew worse and my head grew worse.  
I had all my hair cut off but it did  
not help me, and when one of my  
headaches was on I was really and  
truly crazy and did not even recog-  
nize my husband. The doctor would  
give me morphine tablets to stop my  
crying."

"Then a friend who knew what she  
was talking about advised me to give  
up white bread and tea and coffee  
and try the predigested food Grape-  
Nuts and Postum Coffee in place. I  
did so and I had grand results.  
The improvement began immediately.  
I had fallen from 125 pounds to 93  
pounds in my sickness, and with my  
hair cut off and gray too I was a  
"fright."

"In a few days after I started  
Grape-Nuts I could eat a little beef  
and crackers without the least dis-  
comfort. My face began to fill out  
and the awful distress in my stom-  
ach soon ceased. Then my head-  
aches began to grow less frequent and  
the sick, dizzy spells have gone from  
me altogether, and I have reached  
and passed my former weight and  
am now comparatively well and  
strong. I am certainly happy, and I  
never touch coffee now, for I am cer-  
tain that coffee and the white bread  
and biscuits caused all my trouble.  
As soon as my body got the proper  
food I felt it long to put  
me right both in body and mind.  
The credit is due to Grape-Nuts  
and Postum in place of white bread  
and coffee." Name given by Postum

FARMERS COWED  
BY GUARDS' GUNS  
Angry Men Gathered to Lynch  
George Jaegers, Accused of  
Murdering Mrs. V. Bevans.  
Finally Persuaded to Disperse

(Special to The Evening World.)  
NEWTON, N. J., Oct. 29.—Farmers  
who had been bent on lynching George  
Jaegers, accused of the murder of Mrs.  
Victor E. Bevans and attempting to  
murder her husband, rode quietly  
through the town to-day and dispersed,  
going to their homes in the valley. All  
night these farmers, with angry, de-  
termined faces, walked the streets. All  
that was needed was a leader and the  
jail would have been broken into and  
the accused man hanged to the first  
tree. This leader was not in evidence.  
No man wanted to place himself in po-  
sition to be prosecuted for inciting riot.  
While the farmers paced the streets  
and murmured threats of vengeance on  
the man who is believed to have com-  
mitted the murder, Sheriff Andrews, with  
twenty deputies, sat in the doorway of  
the jail, guns in hand. There would  
have been death to more than one had  
the farmers moved on the jail. They  
knew this full well and wise counsel  
held them back.

Gathered in groups on Main street, the  
countrymen decried at the bank of a  
creek to delay the lynching or permit the  
law to take its course. They quietly moun-  
ted their horses and rode off.  
"We will come back some other time,"  
one of them said. The Sheriff believes  
that there will be another mob some  
other night and he will keep his deputies  
on guard.

Jaegers vigorously denies that he is  
guilty.

Protected by Deputies.  
When Jaegers was brought to the  
County Jail a mob of more than one  
thousand men surrounded the place, and  
only the presence of a score of armed

crying."

"Then a friend who knew what she  
was talking about advised me to give  
up white bread and tea and coffee  
and try the predigested food Grape-  
Nuts and Postum Coffee in place. I  
did so and I had grand results.  
The improvement began immediately.  
I had fallen from 125 pounds to 93  
pounds in my sickness, and with my  
hair cut off and gray too I was a  
"fright."

"In a few days after I started  
Grape-Nuts I could eat a little beef  
and crackers without the least dis-  
comfort. My face began to fill out  
and the awful distress in my stom-  
ach soon ceased. Then my head-  
aches began to grow less frequent and  
the sick, dizzy spells have gone from  
me altogether, and I have reached  
and passed my former weight and  
am now comparatively well and  
strong. I am certainly happy, and I  
never touch coffee now, for I am cer-  
tain that coffee and the white bread  
and biscuits caused all my trouble.  
As soon as my body got the proper  
food I felt it long to put  
me right both in body and mind.  
The credit is due to Grape-Nuts  
and Postum in place of white bread  
and coffee." Name given by Postum

CUT IT OUT.  
Quit White Bread and Coffee and Get  
Well.  
A tale that sounds like magic yet  
is but a simple evidence of what  
proper food can do in the place of  
improper food.

A lady of Quincy, Ill., says: "It  
seems impossible that I could have  
gone through what I did and be alive  
and well to-day. I was most of my  
life troubled with a weak stomach  
and severe headaches, and as I grew  
older I slowly got worse. One physi-  
cian treated me five years for dyspep-  
sia without any help, and I went to  
another physician, who said I had a  
tumor, and I believed him. I was  
unable to bear even the lightest  
clothing and could scarcely lift my  
head, finally becoming entirely bed-  
ridden."

"Then I changed to another doctor,  
who said I had chronic catarrh of the  
stomach and advised a change of cli-  
mate, telling me I would get well if I  
would winter in California. He might  
as well have advised a trip to the  
moon in my case. Then I tried a  
change of diet. It seemed I could not  
live on crackers and tea, nor could I  
find anything else to agree with me,  
and it began to look as though I was  
doomed to die. So I made up my  
mind to eat everything that I craved  
and determined to die happy at least  
in the thought of not starving to  
death."

"Now that I look back at it I don't  
believe it is possible for a human  
being to live through such misery as  
I did. Of course my stomach trouble  
grew worse and my head grew worse.  
I had all my hair cut off but it did  
not help me, and when one of my  
headaches was on I was really and  
truly crazy and did not even recog-  
nize my husband. The doctor would  
give me morphine tablets to stop my  
crying."
